

# NEWBOX

## Euro-standard container NB integrated system

It is now child's play to modularly stack containers of different sizes! This is precisely what the unique ribbed design of the Newbox integrated system base now makes possible, with an enhanced load capacity of the container as a bonus. **Modular stacking** between the smallest (300×200) and largest (800×600) containers is now guaranteed without any limitations.

### V6 ribbed design

### Applications

Newbox containers with an integrated system base are ideally suitable for space-saving and flexible **modular stacking** where small parts and goods are stored manually.

### Special types

All non-stock items are marked thus and available on request only.
