

FLIPTOPBOX

Hinged boxes FTB

The practical Fliptopbox hinged box is made from dimensionally stable polypropylene. The standard colour is grey and altogether the range includes five different sizes. With a lid and box made from a single piece, a snap closure and a film hinge, you can package your small items securely and reliably.

Applications

The Fliptopbox models are ideally suitable for the storing and shipment of your small parts.

Special types

All non-stock items are marked thus and available on request only.
