

LABELLING

To provide you with the perfect solution for identification purposes, we offer labels and label clips in various designs that can be individually attached in different ways.

The RFID or barcode-labels are extremely adherent, scratch-resistant and developed especially for transport containers. They are therefore also suitable for cleaning plant and ultrasonic cleaning.

Suitable for

- Logiline
- Blackline
- Newbox
- Newbox Black

Tip

We will gladly make you offer tailored to your specific requirements. Please contact us and we will be very pleased to advise you.
