

RACK SYSTEMS WITH OSB

STAND

STANDPLUS

Box Mobil

Rack systems with open-fronted storage boxes (OSB) are available in three variants under the brand names Stand, Standplus and Box Mobil. They are ideally suited for workshops, stores and everywhere where lots of small parts are stored and processed. Our rack systems create the perfect solution for keeping things in place. By coordinating the sizes of the open-fronted storage boxes exactly, the space available will be used optimally and the search for specific small parts will be simplified enormously.

The racks can be equipped with any of our **Classicbox**, **Systembox** or **Futura** open-fronted storage boxes and in addition with the **Lagerbox** rack boxes (see Lagerbox Combine section). This means it is possible to store a very wide range of small parts in a space-saving manner with a high degree of flexibility.

Available sizes

Rack type	Basic dimensions (LxH in mm)
Stand	1000x2000
Standplus	1150x1870
Box Mobil	1150x1570

Standard colours (slight colour differences possible)
