

LAGERBOX

The Lagerbox range is the universal solution for the storage of small parts. The very stable and straightforward construction of the rack boxes facilitates operating procedures, offers a large volume and is stackable. The corrugated base means it is child's play to remove even the smallest parts and in addition dividers and labels ensure that one has an even better overview. Practical storage magazines and shelving units that can be equipped individually round off the Lagerbox range.

Available sizes: Lagerbox rack boxes

Length (mm)	Width (mm)	Height (mm)
300	91	81
300	183	81
400	91	81
